2018 LEGISLATIVE AGENDA

Regional planning councils have been in existence in Florida since the early 1960s, created by the local governments they serve, to meet local government and regional needs, provide services, and ensure access to state and federal initiatives and programs. Florida Statutes recognize regional planning councils as *“Florida’s only multipurpose regional entities that plan for and coordinate intergovernmental solutions on multi-jurisdictional issues, support regional economic development, and provide assistance to local governments.”*

FRCA’s 2018 legislative agenda is divided into two categories:

1) Legislative Action Items and Top Priorities for FRCA

These are legislative priorities where a proactive role and involvement is expected by FRCA’s Executive Director and the RPC membership in order to accomplish them; and

2) Other Legislative Priorities in Support of RPCs and their Member Local Governments

These are statements in support of RPCs and various legislative priorities of mutual interest and concern set forth by the Florida Association of Counties, Florida League of Cities, and Florida Small County Coalition. These priorities are conceived with the input of numerous RPC board members and other local elected officials who participate in these statewide organizations. This portion of FRCA’s 2018 legislative agenda is organized under the Florida Chamber Foundation’s Six-Pillar framework.

The Florida Regional Councils Association, an alliance of Florida’s 10 regional planning councils, serves to strengthen the consistency and quality of regional planning council programs to ensure economic prosperity and add value to local, regional, and state initiatives. To that end, the Florida Regional Councils Association Policy Board adopted the following priorities for the 2018 Legislative Session:

Legislative Action Items

- 1) **Support** legislation with emphasis in the RPC program areas of transportation, housing, emergency preparedness, and environmental protection.
- 2) **Support** legislation directing the use of all Florida Housing Trust fund monies for Florida's housing programs.
- 3) **Support** inclusion of RPCs as regional resources in resiliency activities throughout the state.

Legislative Priorities in Support of RPCs and Their Member Local Governments

Talent Supply & Education

The Florida Regional Councils Association **supports** enhanced economic competitiveness, which must include an emphasis on Science, Technology, Engineering, and Math (STEM) and critical thinking in public education and training programs that are aligned with existing and emerging job markets and industry clusters.

Innovation & Economic Development

The Florida Regional Councils Association **supports** full funding of regional planning councils to, at a minimum, leverage the role of regional planning councils as federally designated economic development districts; provide support to state and regional economic development initiatives and activities; provide assistance to local economic development organizations; and, cover the costs of statutory responsibilities.

The Florida Regional Councils Association **supports** retaining the existing statutory authorities and responsibilities vested in RPCs.

Infrastructure & Growth Leadership

The Florida Regional Councils Association **supports** a continued state and regional role in helping local governments accommodate future growth while ensuring economic prosperity and preparing for and responding to emergencies and natural disasters.

The Florida Regional Councils Association **supports** future transportation corridors, a diverse and competitive statewide multi-modal transportation network, and sustainable sources of transportation funding that are consistent with and support regional visions and further the regional Comprehensive Economic Development Strategies of Florida's 10 federally designated Economic Development Districts.

The Florida Regional Councils Association **supports** a comprehensive action plan on coastal flooding and loss, with energy policies and other funding initiatives to reduce greenhouse gases and to address ecosystem sustainability, long-term water supply, flood protection, public health and safety, adaptation and mitigation, infrastructure needs, and economic prosperity.

The Florida Regional Councils Association **supports** legislation that provides a mechanism to ensure the extra-jurisdictional impacts from large-scale development projects are adequately addressed within the impacted cities and counties prior to development approval.

The Florida Regional Councils Association **supports** maintaining and protecting the integrity of all Trust Funds for their stated use.

Business Climate & Competitiveness

The Florida Regional Councils Association **supports** a strong, but fair development impact mitigation process that addresses extra-jurisdictional impacts and impacts to natural resources of regional significance and other regional resources and facilities; provides a seat at the table for all impacted local governments; preserves the role of regional planning councils as conveners and their right to collect fees for services; utilizes regional planning councils' dispute resolution processes; and, protects the entitlements and vested development rights necessary for large-scale, long-term financial investments.

The Florida Regional Councils Association **supports** changes to the Sector Plan process that would provide regional planning councils with a fee for service funding mechanism to allow them to participate in the process in a more meaningful capacity; require regional planning councils to convene all affected parties in the process; and, create a role for regional planning councils in the Detailed Specific Area Plan process to ensure all regional issues are addressed.

The Florida Regional Councils Association **supports** unlimited ability of a regional planning council to provide planning and technical services for a fee, in furtherance of its mission.

Civic & Governance Systems

The Florida Regional Councils Association **supports** the positions and policies of organizations that share a common membership with regional planning councils including the Florida Association of Counties, Florida League of Cities, Small County Coalition, and the Metropolitan Planning Organization Advisory Council, and which are of mutual interest and concern.

The Florida Regional Councils Association **supports** efforts to improve efficiency and

collaboration among agencies tasked with multi-jurisdictional planning throughout the state including quorum options to improve efficiency.

The Florida Regional Councils Association (FRCA) **supports** an evaluation of impacts that the 2011-2015 growth management law changes have had on Florida's economy, environment, local and regional infrastructure, and community development. FRCA **supports** the completion and consideration of this evaluation prior to adopting any new legislation further reducing state planning oversight; preempting local planning decisions; or limiting the ability of regional planning councils to identify and address multi-jurisdictional development impacts, coordinate intergovernmental solutions addressing these impacts, or carry out regional impact review and comment responsibilities related to DRI-scale development.

Quality of Life & Quality Places

The Florida Regional Councils Association **supports** regional visioning as a means to guide the future of Florida, build public/private coalitions to implement key regional and statewide initiatives, and serve as the basis for strategic statewide planning and budgeting initiatives.

The Florida Regional Councils Association **supports** a comprehensive and balanced multi-modal approach with context sensitive solutions, tied to strategic statewide planning and budgeting initiatives, for solving the state's traffic congestion problems.
